

CITC Technical Specification

Specification for Fibre Optics Equipment

Document Number:	ITOO4
Revision:	Issue 02
Date:	10/07/2021

Issued by The Communications and Information Technology Commission of Saudi Arabia in accordance with article 84 of the Telecommunications Bylaw.

Scope

This specification applies to fibre optics equipment for use with communication equipment, devices and cables to having a combination of both optical fibres and electrical conductors.

Enforcement

This specification shall enter into force on 20/07/2021.

Any previous version of this technical specification is withdrawn.

General Requirements

- All equipment must comply with the requirement of CITC specification GEN001, be safe and must not adversely affect other electrical equipment.
- All telecommunications and radio terminal equipment must comply with the relevant technical specifications established by CITC. In addition, such equipment may be subject to regulations for Declaration of Conformity or registration. Please visit <u>www.citc.gov.sa</u> for details.
- If more than one interface type is offered by a piece of equipment, each interface must meet the applicable technical specifications.
- Further information on the characteristics and presentation of network interfaces can be obtained by coordinating with the mobile network operators.
- It is mandatory that test reports are obtained from a laboratory that has been accredited by a body that is a member of the ILAC Mutual Recognition Arrangement.

Limits and conditions

Testing must be carried out to ensure compliance with the following standards:

- EN 60794-1-1
- EN 60794-1-2.

Licensing Requirements

No licensing requirements apply.

Additional Requirements

There is no additional requirements for this technical specification.

References

The following referenced documents are indispensable for the application of this document. If no issue or revision number is quoted along with the title of a technical specification or standard, the latest published version should be used.

EN 60794-1-1 Optical fibre cables - Generic specification.

EN 60794-1-2

Optical fibre cables - Generic specification for Basic optical cable test procedures

History

For reference, the latest versions of the technical specifications are published on the CITC website <u>www.citc.gov.sa</u>.
